# Autostart with Windows

Here is a small guide on how to add a program to automatically start with windows.

- Open start and write run.

- In the textfield write "shell:startup" , after pressing OK it will open an explorer window.

● Here you should add a shortcut to your miner

Name	Date modified	Type	Size
	24/07/2016 12:09	Shortcut	2 KB
	12/12/2017 22:04	Shortcut	2 KB
	9/01/2018 8:14	Shortcut	3 KB
	31/07/2016 2:30	Shortcut	1 KB
	31/07/2016 2:22	Shortcut	3 KB
	23/07/2016 0:22	Shortcut	2 KB
	22/07/2016 13:34	Shortcut	2 KB
xmr-stak-cpu.exe ETN	14/01/2018 1:13	Shortcut	1 KB
xmr-stak-cpu.exe SUMO	14/01/2018 1:13	Shortcut	1 KB

●

Now your miner will start on windows startup
